|--------------------------------------|---|
| Physical Format and Condition | Large bound books containing handwritten text on printed forms. Information on each individual is often displayed across a double spread which is foolscap or larger to A2. The bindings are sometimes loose or broken and some pages edges are slightly damaged or dirty but without data loss. Pages are also often blank in between pages containing text. Text is sometimes near to bindings. Books sometimes include an alphabetical index by name at the front. |
| Popularity | Between 1st July 2008 and 1 st July 2009 this series of records was requested in the reading rooms at The National Archives some 733 times. In a package with other related material it is expected to be of greater interest to the public. Popularity would also be greatly increased by improved ease of access. |
