

SUMMARY
THE NATIONAL ARCHIVES'
RECORDS DECISION PANEL, 29 JANUARY 2013

Welsh Government Operational Selection Policy (OSP) – 1997 to 2006
Paper files only.

The Panel considered a draft Operational Selection Policy (OSP) for Welsh Government records from 1997 to 2006.

The Panel approved the contents of the draft OSP and agreed that it should be published on The National Archives' website for a three month consultation period.

Army Staff Duty Cards c1945 to c1970

The Panel were asked to consider whether to select this collection of index cards which had been produced by the Army Staff Duties branch of the War Office/ MOD. The cards had been compiled for every unit and formation HQ in the British Army from c1945 to c1970. The collection was currently held by the Army Historical Branch and was used to determine eligibility for medals.

The Panel agreed that The National Archives should not take the index cards as they duplicated information already held in WO 379, the card index from the Adjutant General's Office, and also the War Diaries in WO 305.

Date of next meeting

The next meeting is to be held on **26 February 2013 at 2pm**
