RECORDS DECISION PANEL, 31 JULY 2014**

Companies House – Dissolved company records 1976 – 1990

The Panel agreed that the selection criteria for dissolved company records should be revised because it is not possible to select on the criterion of nominal capital value for records from 1976 to 1990. The panel accepted the alternative selection criteria and an additional page will be added to *OSP 25: The regulation of companies*, setting out the proposed new criteria by which to select the records. The draft updated OSP 25 will be published on The National Archives' website for a three month consultation period.
