

## Abbreviations used in the First World War medal index cards

These abbreviations are taken from *The Collector and Researcher's Guide to the Great War* by Howard Williamson, with kind permission of the author.

### Rank

Information transcribed from the medal index cards includes every rank listed on an individual's card. On the card the ranks are usually given in an abbreviated form and there may be a number of abbreviations for the same rank, for example there are at least four abbreviations for 'Rifleman': RFLM., RFMN, RFN and RFM. To make it easier to search by rank, we have expanded the abbreviations to their full form below.
