FACULTY PAPERS

DIOCESE OF
PETERBOROUGH

The main bulk of Peterborough diocesan faculties with their correspondence and associated papers are now arranged alphabetically by parish in 73 boxes as listed. Within each parish the items are stored chronologically. Omnibus faculties, which cover a number of parishes are stored separately and listed in chronological sequence, 1924-1937. Leicestershire faculty papers which are kept at the N.R.O., are also stored separately and are individually listed alphabetically by parish and cover 1906-1927. Additional material such as outsize, stray and unidentified items are also listed and stored separately.

Whereas the omnibus and Leicestershire faculties are completed sequences, the Peterborough Diocesan parish sequence is added to regularly by new deposits from the Registrar.
